Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims

1-9 (Canceled)

10. (Currently amended) A catheter system comprising:

a guidewire having either one of two different external diameters along a length thereof, a first external diameter and a second external diameter smaller than said first diameter;

a catheter including a lumen defining an internal diameter substantially equal to the external diameter of said guidewire of said first diameter for fitting accommodation thereof;

wherein said catheter includes an expandable balloon portion; and

an adapter selectively positionable within said lumen of said catheter, said adapter including an external diameter substantially equal to said internal diameter of said lumen of said catheter, said adapter further including a lumen defining an internal diameter substantially equal to the external diameter of said guidewire of said second diameter for fitting accommodation thereof.

11. (Original) A catheter system according to claim 10, wherein said adapter is removably slidable within said lumen of said catheter.

12. (Original) A catheter system according to claim 11, wherein said adapter extends beyond the length of said catheter, said portion extending beyond said catheter being adjustable by slidably positioning said adapter within said lumen of said catheter.

13. (Original) A catheter system according to claim 12, wherein said portion of said adapter extending beyond the length of said catheter includes a flexible tapered tip.
